Hong Kong weather forecast (Issued at 10:00 a.m.)

Typhoon Vicky is coming towards Hong Kong. The Hong Kong Observatory issued (1.)_____I_____ signal No. 3 at eight o'clock in the morning and the black (2.)_____J_____ warning. The Hong Kong Observatory has recorded over 100mm of the rainfall in the past hour. There will be a (3.)_____A_____ at the streets because of the heavy rain and may cause (4.)_____D_____ near the slopes, so everyone should keep away from the slopes.

Weather forecast for this afternoon and the next few days:

The weather will be very bad this afternoon. A (5.)_____G_____ warning maybe issued and everyone should not stand in an open area or under the trees. The (6.)_____C_____ can be very bright and the (7.)_____F_____ would be very loud. Moreover, there may be (8.)_____E_____ in the New Territories and the small balls of ice may hurt people, so people should stay inside the buildings. In the next few days, the weather will become better, but there will be some (9.)_____B_____, however the rainfall will not be very high. By the way, there was an (10.)_____H_____ in Indonesia. The roads and buildings over there were damaged badly. However, it is very far away from Hong Kong, so it did not affect us.
