

Scott is teaching his classmates how to wash dishes.

Steps to wash dishes:

1. Put hot water in the sink.
2. Put the dishes in the water.
3. Clean the dishes.
4. Run tap water over each dish.
5. Use a cloth to dry the dishes.
6. Put the dishes in the cupboard.

An illustration of a hand washing a white dish under a running faucet in a sink. The water is splashing over the dish. The illustration is framed by a white border with yellow tabs at the top and bottom, giving it the appearance of a Polaroid photo.
