

A Diary Entry -

An Incident in the General Studies Lesson

3A Wong Ka Him Leo

Date: 22nd March, 2021

Weather: sunny

Today the very first lesson was General Studies. Miss Lam taught us about frogs. She showed us a picture of a frog on the blackboard. We thought it was ugly.

After that, Miss Lam showed us a real frog. At first, it was exciting. But then, the frog randomly jumped out of the glass box. I was surprised. I thought that it jumped because it was scared of us, but I didn't really know. Finally, the teacher told us to calm down. We did so, and somebody caught it and put it back into the glass box.

It was a fun experience.
